

## CT-MAC5

5-Ton Portable Air Conditioner

## Indoor/Outdoor Cooling

The CT-MAC5 portable air conditioner was designed and developed specifically for the Climate Control rental/temporary industry. The unit is indoor/outdoor rated and features a 2-speed fan with 2000 cfm (H) at 1.3" static on evaporator. For ducting, the built in collars make for easy attachment while utilizing standard duct sizes of 2 x 14" (Evap) and 1 x 16" (Cond).

When it comes to mobility, the CT-MAC5 includes HD swivel castors and fork pockets, while its compact size and 32" width, will fit through most standard doorways. The unit features a high lift, integrated condensate pump and for electrical hookup, the Cam Loc connections with optional daisy chain capability make for a quick easy setup.
