

25 Ton Portable Air Conditioning & Heat Package

General Description. York International portable air conditioner package is specifically engineered for commercial and industrial applications. Package is permanently mounted and easily transported within a compact footprint. Power and duct connections secure in minutes to ensure rapid set/teardown and minimized costs.

Technical Data

Ambient Operating Range	45-115 Degrees
Refrigerant Circuits	2
Supply Air Flow	6,000-12,000 CFM
Design Supply Air Flow	10,000 CFM
Unit Dimensions	18' x 8' 8.3' (LxWxH)
Weight	7,500lbs

Electrical Data

Power supply	460v/3Ph/60A
Electric Heat	54KW
Cooling Only	60 Amps
Heat Only	85 Amps

Ducting

2-20" Supply
2-20" Return/4-20" capability
